THEME	POSTER NO	PRESENTER NAME	POSTER TITLE	GALLERY
Alternative	1	Sami Salman	Use of Un-Prescribed dietary supplements in a sample of Iraqi Population	1
medicine e.g. acupuncture	2	Tianxin Yi	Intradermal acupuncture for rheumatoid arthritis: Protocol for a real-world study	1
	3	Jiayi Dai	Fragmented QRS comlex could predict all-cause mortality among patients with connective tissue disease-asso- ciated pulmonary arterial hypertension	1
Autoin-	4	Prudhvi Manyam	SAMD9L mutation unleashed: Baricitinib triumph in taming auto inflammatory fury	1
flammatory diseases	5	Xiaoxuan Sun	Comparative Risk Stratification in Connective Tissue Disease-Associated Pulmonary Arterial Hypertension: Evaluating Cardiac Index and Stroke Volume Index	1
	6	Xiaoxuan Sun	sST2 augments the prognostic value of simplified risk stratification in connective tissue disease-associated pulmonary arterial hypertension	1
Basic sci- ence related to rheumatic diseases	7	Ling-Jung Yen	Hydroxychloroquine Exacerbates Imiquimod-induced Psoriasis-like Dermatitis through Stimulating Overexpres- sion of IL-6 in Keratinocytes	1
	8	Shivraj Padiyar	Transient perivascular inflammation of the carotid artery (TIPIC) syndrome, a novel differential for carotidynia-A Series of 3 cases	1
Behcet's disease and miscel-	9	Pasan Serasinghe	Demographic and Clinical Characteristics of Behçet's disease among patients attending Rheumatology clinic at National hospital of Sri Lanka- Cohort Study	1
laneous rheumatic	10	Surayo Shukurova	Clinical and demographic characteristics of patients with behcet's disease in the population of the republic of tajikistan	1
conditions	11	Surayo Shukurova	Clinical phenotypes of behcet's disease and their gender differences	1
	12	J N Durga Yadavalli	Audit of HLA-B51 and Behcet's disease: Data from a single tertiary referral center from North India.	1
	13	Harjuli Yoy Ceana	Acute Fulminant Myocarditis Associated Anticentromere Antibodies : A Case Report	1
	14	Resa Felani	A patient with scleroderma and psoriatic arthritis	1
	15	Rose Elaine Gumafelix	Chronic Tophaceous Gout in a Young Adult Female with Genetic Variants of Uncertain Significance: A Case Report	1
	16	Yeo-Jin Lee	Diagnostic Challenges: Granulomatosis with Polyangiitis Masquerading as IgG4-Related Disease	1
	17	Chong lok Lei	A Case Report: A Refractory Case of Dermatomyositis after SARS-CoV-2 Infection	1
	18	Mannami Makoto	A case study iSAPIIntra-soft tissue antibiotics perfusion®was successful in controlling PJI after total elbow arthroplasty.	1
	19	Putri Muthia	Recurrent Abortion, Intrauterine Fetal Death, and Intrauterine Growth Retriction, in Pregnancy with SLE and Lupus Nephritis Associated with Anthyphospolipid Syndrome	1
	20	Andi Purwanto	Case Report : Henoch Schonlein Purpura with Limited Examination Facilities	1
	21	Andi Purwanto	Lidocaine guiding intraarthricular injection for knee osteoarthritis : a new procedure case report	1
	22	Rohanifah Sarosong	Recognizing macrophage activation syndrome in a newly diagnosed systemic lupus erythematosus	1
	23	Medhat Shalaby	Tumour induced osteomalacia: elevated serum fibroblst growth factor may a predictor for the occura of future tumour: case report	1
	24	Hargurdas Singh	Cutaneous Mucinosis and Anti-Jo-1 Dermatomyositis: A Rare Atypical Presentation	1
	25	Hargurdas Singh	HLA-B27 positive Axial Spondyloarthritis and Lofgren Syndrome: Discovering Recognition and Relationship	1
Case report	26	Kuntarawee Sirichotti	Central Nervous System (CNS-SLE) Vasculitis as the manifestation of elderly Systemic Lupus Erythematosus: A Case Report	1
	27	Raymond Sistona	A Case of Posterior Reversible Encephalopathy Syndrome in a Filipino Lupus Nephritis Patient Treated with Cyclophosphamide	1
	28	Gandafajar Sitompul	A Young Woman with Graves' Disease & Systemic Lupus Erythematosus (SLE): Organ-Specific Autoimmune Disease and Systemic Autoimmune Disorder	1
	29	Meghana Somashekar	A Case of Haemato-inflammatory Syndrome – Is it really VEXAS?	1
	30	Nagase Takaaki	A case report of pyoderma gangrenosum complicated with RA successfully treated with anti-TNF	1
	31	Ting Tan	1 case of Takayasu arteritis with Stevens-Johnson syndrome	1
	32	Adel Taradji	Relapsing Polychondritis and Systemic Lupus Erythematosus Overlap in a 26 Year Old G2P1 Mother with Successful Pregnancy Outcome	1
	33	Abigail Ting	Methimazole-Induced Leukocytoclastic Vasculitis	1
	34	Abigail Ting	Tocilizumab as Treatment for Immune Checkpoint Inhibitor-Associated Adverse Event: A Case Report	1
	35	Maria Kristina Turingan	Unilateral periorbital swelling as initial manifestation of systemic lupus erythematosus in an 18 year old female	1
	36	Sasheela Ubhayasiri	Bridging the Divide: A Remarkable Encounter of Rheumatoid Arthritis and Axial Spondyloarthropathy	1
	37	Kristine Velarde	A case of celiac artery and common hepatic artery vasculitis presenting as left flank pain	1
	38	Chevie Wirawan	Case series of tuberculosis in systemic lupus erythematosus patients	1
	39	Ketut Shri Satya Wi- wekananda	Refractory Thrombocytopenia, Severe Raynaud's Syndrome, Pneumonitis and Stroke Infarction in Overlap Syndrome (Systemic Lupus Erythematosus and Dermatomyositis) A Case Report	2
	40	Sheh Yi Yeap	Scleromyxedema - A Rare Scleroderma Mimicker	2

## Constant Con
