Allied health: alternative medicine	1	Ankita Pati	Assessment of the anti-rheumatoid properties of curcuma caesia through in-silico, in-vitro, and in-vivo approaches	1
	2	Manjit Saluja	Integrative medicine (modern medicine plus indian ayurvedic medicine) approach to maintain safe and good control/remission in supervised chronic rheumatoid arthritis	1
Allied health: case report	3	Vicente Aldasoro Caceres	One year experience with anifrolumab for the treatment of refractory systemic lupus erythematosus	1
	4	Huanzi Dai	Telitacicept treatment primary biliary cholangitis with hyperimmunoglobulinemia: a case report.	1
	5	Patrick Gonzalez	Autoimmune march: bullous lichen planus and new-onset lupus erythematosus associated with covid-19 vaccine in a filipino female with rheumatoid arthritis	1
	6	Maria Borisova	Reactivation of chronic hepatitis b in a patient with rheumatoid arthritis treating with upadacitinib	1
	7	Wei-Jhe Hong	Pulmonary arterial hypertension in a 62 yo female patient of systemic sclerosis with anticentriole antibody	1
Allied health: COVID-19	8	Vicente Aldasoro Caceres	Positioning of coronavirus infection in patients admitted with inflammatory rheumatic diseases	1
	9	Rong Li	Analysis of related factors for ra flares after sars-cov-2 infection	1
	10	Batool Zamani	Investigating the occurrence rate of avascular necrosis in patients with covid-19 from 2020 to 2022	1
Allied health: nursing	11	Siew Hwa Chong	Overview the streamline process of funding scheme for biologic disease modifying anti-rheumatic drugs in the rheumatology clinic	1
	12	Cristina Dorado	The asia-pacific initiative for rheumatology nurse education: post training evaluation analysis of the aspire initiative in the philippine setting	1
	13	Ji Luo	Influencing factors of the fear of progression in patients with systemic lupus: a latent profile analysis"	1
	14	Ji Luo	Effects of chronic disease management based on integrated theory of health behavior change on patients with ctd-associated interstitial lung disease	1
	15	Ji Luo	The effect of tcm technique based on the thermal radiation theory on improving treatment of joint pain:an interrupted time-series study	1
	16	Akiko Nishimura	Survey on the actual condition of implementation of preconception care by nurses for patients with rheumatoid arthritis	1
	17	Hideshi Yamazaki	Relation between long-term care insurance application status and pathology of rheumatoid arthritis	1
	18	Fayanne Patricia Lim	Antiphospholipid syndrome in a male with systemic lupus erythematosus	1
	19	Iraky Mardya Rakhmadhan	Successful pregnancy in a 35-year-old woman with primary obstetric antiphospholipid syndrome: a case report	1
	20	Yuebing Wang	Proteomic analysis identifies neutrophil defensin 1 as a biological marker for antiphospholipid syndrome	1
	21	Zhejun Xu	Clinical characteristics and outcome of cerebral venous sinus thrombosis in patients with antiphospholipid syndrome	1
Antiphospholipid syndrome	22	Kimberly Yu	Seizures and ischemic stroke as a presentation of a male hiv patient diagnosed with antiphospholipid antibody: a case report	1
Autoinflammatory diseases	23	Anastasia Apanomeritaki	Effectiveness of jak inhibitors in the treatment of vexas syndrome: a literature review	1
	24	Huanzi Dai	Global lactylome reveals lactylation-dependent mechanisms underlying th17 differentiation in lupus nephriti	1
	25	Kristina Frketic Marovic	Aortitis due to aseptic abscess syndrome: a case report	1
	26	Jing He	Exploring the role of t follicular helper cells in immune-related adverse events and the therapeutic potential of low-dose il-2	1
	27	Yao Liang	Construction of a risk prediction model for airway stenosis in patients with relapsing polychondritis	1
	28	Fayanne Patricia Lim	Variable clinical presentation of anti-mda5 antibody associated dermatomyositis: a case series	1
	29	Tjoa Nathasia	Relationship between serum uric acid levels with cystatin-c, urine albumin/creatinine ratio, and estimation glomerulus filtration rate in asymptomatic hyperuricemia patients	1
	30	Yifan Xie	The effect and mechanism of itaconate in the treatment of rheumatoid arthritis	1
	31	Tingting Xv	Analysis of seasonal differences in recurrent episodes of rheumatoid arthritis	1
	32	Yadan Zou	Nudt15 polymorphisms are better than tpmt as predictor of risk for thiopurine-induced leukopenia in chinese patients with autoimmune disease	1
	33	Huiqin Hao	Effects of modified erxian pill on rheumatoid arthritis through pyroptosis pathway	1
Basic science related to rheumatic diseases	34	Seung-Jae Hong	Differential gender effect on rheumatoid arthritis-associated interstitial lung disease and potential steroid hormone mechanisms in skg mice	1

Theme	Poster no.	Presenter name	Poster title	Gallery
Basic science related to rheumatic diseases	35	Kou Katayama	Milk antibody and prebiotic combination improves dysbiosis resulting to amelioration of rheumatoid arthritis through endotoxin masking and endotoxin tolerance.	1
	36	Aastha Khullar	Cd8+gmcsf expression may be a predictor for good response to mtx at 16 weeks	1
	37	Chutawat Kookanok	The correlation and predictive efficacy of the combined inflammation with obesity index for hyperuricemia: nhanes analysis 2017-2020.	1
	38	Yan Ling Kwok	Effects of treat-to-target strategy on preventing functional loss in patients with early rheumatoid arthritis: comparative analysis of an 8-year study	1
	39	Kevin Lee	A novel therapeutic target for arthritis pain	1
	40	Shuichi Naniwa	Regulators of Irf4 and agrin expression in articular cartilage and their effect on β -catenin signaling	2
	41	Anil Kumar Sahu	Tlr2 (23bp) promoter polymorphism in spondyloarthritis: association with disease activity, and levels of cytokines (tnf- α & il-17)	2
	42	Yazhen Su	Increased m6a rna methylation and mettl3 expression may contribute to the synovitis progression of rheumatoid arthritis	2
	43	Kaiyuan Zi	Evaluating the efficacy of b cell targeting drug candidates using a humanized baff transgenic sle mouse model	2
Behcet's disease and miscellaneous rheumatic conditions	44	Cristopher Efendi	Myocardial performance index (mpi) to evaluate cardiac dysfunction in behcet's disease : a systematic review of observational studies	2
	45	Mooikhin Hng	Behcet's disease: a case series in a single tertiary rheumatology center in george town, penang, malaysia	2
	46	Kento Ichikawa	Comparison of clinical features between trisomy 8-associated autoinflammatory disease and behcet's disease	2
	47	Alireza Khabbazi	The effect of cigarette smoking on behcet's disease outcomes: a prospective multicenter study	2
	48	Syeda Rida E Zehra	Drowsy on the silk road – a case of neuro-behcet's disease	2
	49	Xinning Wang	Study on the risk factors and predictive model of vascular involvement in pediatric behcet's syndrome	2
Big data	50	Vicente Aldasoro Caceres	Reasons for hospitalisation in patients with inflammatory rheumatic diseases. Data-analysis from the coding of outpatient medical records in a hospital	2
	51	Khalid Abdalla Alnaqbi	Unveiling patients' insights on rheumatic diseases in the arab world: a large-scale survey analysis	2
	52	Ya-Chun Huang	Maternal autoimmune disease and the risk of childhood cancer among the offspring: a population-based cohort study in taiwan	2
	53	Shanzhao Jin	Single-cell profiling changes associated with drug resistance and disease progression to methotrexate and anti-tnf therapies in rheumatoid arthritis	2
	54	Zhenguo Liang	The prevalence, comorbidity, risk factor, systemic immune-inflammation index of arthritis among us adults from 1999 to 2020	2
	55	Swikriti Shrestha	Evaluation of patients with undifferentiated arthritis	2
Case reports	56	Norfariza Abd Rahim	Acute epididymo-orchitis: unusual presentation with uncommon age onset in a pr3-anca patient	2
